22ND INTERNATIONAL EXHIBITION

EQUIPMENT AND TECHNOLOGIES
FOR THE OIL AND GAS INDUSTRY

12+

A KEY INDUSTRY EVENT

In the centre of attention, in the centre of Moscow

NEFTEGAZ –
Russia's largest oil
and gas show

15,000+ visits by oil
and gas professionals

Source: data of 2022 exhibition and Russian National Exhibition Rating
(www.exporating.ru)

350+ exhibitors
from
16 countries

30,000+ sq. m
gross – exhibition
space

Among the world's top 10 oil and gas trade shows

National Pavilion of Iran

20+ supporting events,
200+ topical reports

750 delegates and **120** speakers
at the **National Oil and Gas Forum**

150+ federal and industry media
representatives

Support and auspices

- Russian Ministry of Energy
- Russian Ministry of Industry and Trade
- Russian Chamber of Commerce and Industry
- Russian Union of Industrialists and Entrepreneurs
- Russian Gas Society
- Union of Oil and Gas Producers of Russia
- Society of Petroleum Engineers (SPE)
- Association "Russian National Committee of the World Petroleum Council"

MAIN PRODUCT SECTORS

The Neftegaz exhibition is a meeting place for suppliers and consumers of equipment, services, solutions and technologies for all stages of hydrocarbon exploration, production, storage, transportation and processing

Oil and gas exploration

Oil and gas field development

Equipment and technology for offshore field development

Collection, storage and logistics of hydrocarbons

LNG: production, transportation, distribution and use, investment

Specialized vehicles for petroleum products transportation

Oil and gas processing, petrochemistry, gas chemistry

Delivery and distribution of oil, gas and petroleum products

Equipment and technology for filling stations

Service, maintenance equipment and technology

Non-destructive testing (NDT)

ACS, test equipment

IT for the oil and gas industry

Electrical equipment

Health safety at facilities

Environmental conservation services

**EXPOCENTRE
Fairgrounds –
a permanent meeting place
for fuel and energy
professionals since 1978**

Sponsors and partners

РОСАТОМ

Exhibitors

Chint, Samson Controls, Aviatron, Albatros, Analitpribor, the Aluminium Association, Bunter Group, Borovichi Refractories Plant, Velan, Gazprom, Goreltex, Kamkabel, Ministry of Economic Development of the Altai Krai, Zavodoukovsky Engineering Works, United Engine Corporation, Cable Alliance Holding, Siberian Industrial Group, OKB Zenith, OKB Vektor, Roost-95, Spetskabel, AUMA Drives, Relematika, TMK, Tomskcable, Tagras Holding, Transneft, Kuibishev Telecom, TREM Engineering, Uralmash Oil and Gas Equipment Holding, Development Corporation of Sverdlovsk Region, NKMZ, Dukhov Russian Scientific Research Institute of Automation, Elemer, ZIT, Rizur, and many others.

Participating countries

Belarus

China

Finland

Germany

India

Iran

Israel

Italy

Kazakhstan

Luxembourg

Poland

Russia

Spain

the UAE

the UK

the USA

Visitors

7,000+
CEOs and top
executives

of oil and gas production
and refining companies,
petroleum product suppliers,
petroleum service companies
and petrochemical companies

4 continents

52 countries

73 Russia's regions

473 cities

15,000+ visits
by professionals

**Buyers from 1,000+ companies,
1,032 procurement and logistics professionals and
managers representing more than 1,000 companies
from 51 regions of Russia and 16 other countries**

Our visitors – your potential customers

74% of decision-makers

58%

of visitors influence on decision-making

16%

of visitors make sourcing and procurement decisions in their companies

67%

of visitors are going to make purchases as a result of their visit to Neftegaz

69%

of visitors found products and solutions that interest them

92%

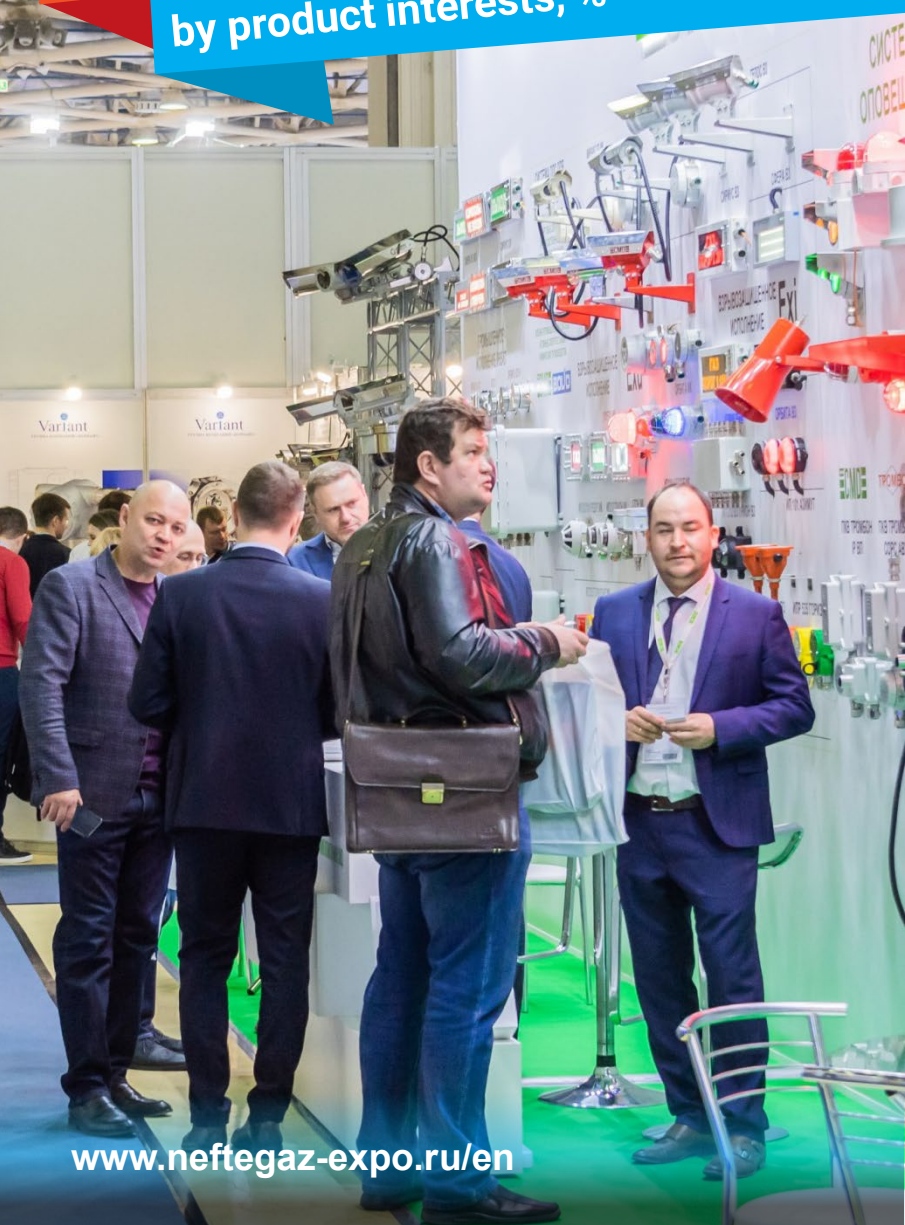

of visitors recommend the show to their peers and partners

44%

of visitors attend no more than one oil and gas show a year or only Neftegaz at EXPOCENTRE Fairgrounds

Locking and regulating fittings	32,8
Pumps, compressor equipment, pneumatics, driving gears	30,8
Automated control systems and telemechanization of drilling, production, gathering, transportation, storage and processing of oil and gas	30,4
Power and electrotechnical equipment. Cables	26
Innovations made in Russia	25,2
Oil, gas and oil products transportation and storage.	24,8
Technique and technology of pipeline construction and maintenance	23,2
Onshore and offshore oil and gas well construction	23,2
Oil and gas processing and petrochemical industry. Equipment and technologies	21,2
Oil and gas field development. Methods of bed stimulation for enhanced oil recovery	21,2
Pipes	18
IT for the oil and gas industry. Digitalisation	17,2
Scientific research and designing. Project appraisal	15,2
Oil and gas gathering and treatment	15,2
Geological and geophysical research. Oil and gas exploration	14,4
Dataware and software	14
Construction of facilities for oil and gas industry including offshore units	12,4
Labware and analytical instrumentation, furniture. Mobile laboratories	12
Corrosion prevention. Equipment and pipelines corrosion prevention.	11,2
Corrosion inhibitors. Units and insulating materials	11,2
Chemical reagents, additives and materials	11,2
Ecology: scientific research, technologies, equipment, instrumentation.	10,8
Modern systems of environmental monitoring	10,8
Scientific and technical literature	10,4
Mobile production buildings and cabins	9,2
Labour protection, safety systems and fire safety equipment	9,2
LNG: production, transportation, distribution and use, investment	8,8
Vehicles for the transportation of oil, petroleum products and liquefied gas	8,4
Oil, gas, and oil products delivery and sale. Filling stations	6,4
Economic research and analysis of oil and gas industry development. Industry management in new economic conditions, issues of legal and financial regulation	5,6

Multiple replies are possible. Data of 2022

The conference programme –

an effective way of communicating with a targeted audience

20+ events, 200+ topical reports

A wide range of industry congress events that create a unique business atmosphere for networking, communication, presentation and promotion of sophisticated solutions

The National Oil and Gas Forum

Neftegaz.Life presentation zone

55% of visitors attended the conference programme

Take the opportunity to communicate with the industry audience, share your expert opinion and highlight your company's achievements

Participants' feedback

www.neftegaz-expo.ru/en

All feedback >>

Natalia Kutsik, Director of Communication Department at Transneft PAO:

– The Neftegaz exhibition has been taking place for two decades. Transneft has been a participant for many years. Our stand is regularly awarded with a diploma. We are very pleased that this year we were awarded a diploma for our stand's individual expressive design, which really reveals our company's industry focus. We are very pleased to be part of this event, and we hope that a large number of interested visitors will come to our stand to find out more about our company.

Roman Baluev, Deputy Director General for Marketing at Elemer:

– Elemer takes part in oil and gas exhibitions in Russia on a regular basis. Neftegaz in Moscow is one of the key exhibitions for us, where we strive to promote our company's brand. Today we have representatives from Krasnoyarsk, Ufa, Kazan and Samara. Tomorrow we will have representatives from Saratov. This all gives a synergetic effect from participation in such a major event.

Sergey Gorkov, Director General – Chairman of Board of Directors at RUSGEOLOGY AO:

– We are surprised at the number of participants and the number of people who are interested in the development of the oil and gas industry at the moment. Import substitution is now a priority and it is important to exchange, create partnerships, and create technology platforms. And this can be done at events such as this exhibition at EXPOCENTRE Fairgrounds. Our thanks to our fellow organisers not only for the opportunity to exhibit our equipment, which we produce, but also for the opportunity to organise discussions, meetings and sign contracts.

Evgeny Lepeshkin, Marketing Director at CHINT:

– This was CHINT's first experience at Neftegaz, even though we are a regular exhibitor at EXPOCENTRE Fairgrounds. This is the first time we have tried to participate in this trade show continuing our paradigm shift strategy. There are a lot of visitors on the first day of Neftegaz. Many visitors are planned for the second and third day. We have high expectations of the show.

Welcome

to Russia's major oil and gas show!
