Organised by

Under auspices of

RENWEX: THE MAIN MEETING POINT FOR RES INDUSTRY PROFESSIONALS AND EXPERTS

Russia's largest trade show of main types of green energy, charging infrastructure and electric vehicles

The project is aimed to promote development of renewable energy sources in the Russian energy sector and green transport.

The main meeting point for professionals and experts in alternative energy and electric transport

It is an opportunity over just a few days to hold talks with the industry's key companies and attend conferences and other events devoted to main renewable energy sources (RES) issues and development.

WELCOME ADDRESSES RENWEX

Sergey Katyrin

President of the Chamber of Commerce
and Industry of the Russian Federation

Vitaly Savelyev

Minister of Transport
of the Russian Federation

Mikhail Ivanov

Deputy Minister of Industry and Trade
of the Russian Federation

Pavel Snikkars

Deputy Minister of Energy
of the Russian Federation

Maxim Kolesnikov

Deputy Minister of Economic
Development of the Russian
Federation

Pavel Zavalny

Chair at the Russian State Duma
Committee on Energy

ENERGY AND RESOURCE SAVING TECHNOLOGIES

RENWEX

Energy and Resource Saving Technologies: one of the most popular salons of the RENWEX exhibition

- About half of the exhibitors present their products and services at the Salon of Energy and Resource Saving Technologies
- Every third visitor to the exhibition is interested in the Energy and Resource Saving Technologies Salon

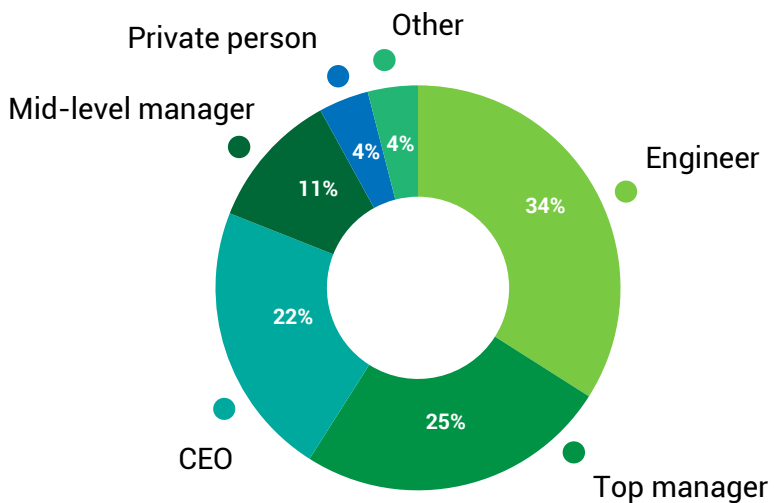

VISITORS RENWEX

79% PURCHASING DECISION
MAKERS

58% TOP EXECUTIVES AND
MANAGERS

Visitor interests, %

- 54 Electric transport and electric vehicles
- 50 Solar power
- 39 Wind power
- 33 Energy and resource saving technologies. Industrial energy efficiency
- 32 Hydrogen energy
- 27 Hydropower
- 25 Network infrastructure and solutions for RES integration
- 25 Measurement and control equipment and systems, automation and process control
- 21 Microgeneration
- 18 Bioenergy, biomass, biogas and solid biofuels
- 18 Solid household waste as RES
- 16 Geothermal energy
- 16 Safety of energy facilities and environmental protection
- 14 Investment, finances, insurance
- 9 Inspection and monitoring of power generation facilities

HOW WE ATTRACT TARGET AUDIENCE

Mass media

(470 publications in print
and electronic mass
media outlets)

Direct marketing

(Electronic mailouts, telemarketing
campaigns, audience coverage
of more than 60,000 professionals)

Promotional activities

(exhibition promotion
at industry events,
10+ events a year)

Internet

(advertising of the exhibition in search engines, industry
Internet portals, social networks, total audience coverage
of more than 300,000 professionals)

Relevant conference programme

(we organise an annual forum, discuss only the most relevant
topics, 129 speakers, over 2,000 delegates)

CONFERENCE PROGRAMME

RENWEX

The three-day International Forum on Renewable Energy and Electric Vehicles

12
events

129
speakers

2,060+
delegates offline

4,500+
delegates online

Each day of the forum is dedicated to a relevant industry topic

DAY 1

Renewable energy sources,
green innovations and energy
saving

DAY 2

Electric transport and
infrastructure development

DAY 3

Microgeneration: economic and
technological efficiency

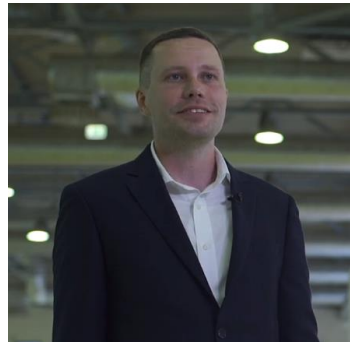

FEEDBACK RENWEX

Sergey Shkurov

Advisor to Director General
at Cryogas

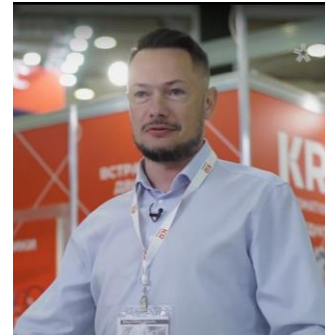

“Our new direction is a mobile charging station for electric vehicles that runs on LNG. This is a unique development of our company. It allows the owner of an electric car to call a charging station anywhere in the city. We are taking part in this trade show for the first time. The topic is very interesting for everyone. The interest is amazing!”

Dmitry Kuzminykh

Director for Construction
at ELECTROCARS

“It is not the first year we participate in the RENWEX exhibition and we brought a very bright HiPhi electric car. This season the trade show is very busy. Our stand is very popular. The format of the exhibition allows us to generate leads and meet new partners. I am sure that everything presented at RENWEX will soon be seen in the streets of cities.”

Alexander Morozov

Development Director
at KR AUTOMATION

“Last year’s show was a great success and was very well organised. We are very grateful to the organisers. Everything was great, at the highest level. We understand that the show is highly specialised, but we have specific solutions, specific products, and a number of contracts have been concluded. Here we are showing automation. Come to RENWEX, come to our stand, we will be glad to see you.”

Alex Xie

Regional Sales Manager
at JYC BATTERY

“We are very happy to participate in this show. It is a very good trade show. Here we meet potential customers. It promotes our business. We are happy to come here, and we invite you to the next RENWEX 2024.”

▶ Make the most of promo opportunities

Participate with a stand

- Post your news on the show's website, social media and in e-mail mailouts
- Take part in the conference programme
- Hold an event at your stand

Take advantage of additional services

- Place
- your ad on tickets and in the catalogue;
 - ad banner on the show's website;
 - outdoor advertising at EXPOCENTRE Fairgrounds

Become a sponsor of the exhibition and the conference programme

- Use a standard sponsorship package
- Create a personalised sponsorship package tailored for your needs
