

RUSSIA'S
BEST
EXHIBITION*

10–13.11.2025

TIMIRYAZEV CENTRE
MOSCOW, RUSSIA

SINCE 1965

ХИМИЯ
ХИМИЯ

28th International
Exhibition for
the Chemical
Industry and Science

Supported by

- Russian Ministry of Industry and Trade
- Russian Chemists Union
- ROSHIMREACTIVE Association
- Chemistry Department of Lomonosov Moscow State University
- Mendeleev University of Chemical Technology of Russia

Under auspices

of Russian Chamber of Commerce and Industry

Organised by

12+

INDUSTRY TRENDS

Industry development in short and mid-term perspective is closely connected with the import of chemical products – raw materials, semi-finished and finished products. The Russian market needs supplies of equipment and technologies

In terms of figures, Russian producers are still dependent:

from imported raw materials

by 35%

from imported equipment

by 49%

from imported components

by 51%

from imported technologies

by 33%

Stable domestic demand for chemical products is the main factor in the industry's production growth

PRODUCT SECTORS

More about
Product Sectors

CHEMICAL AND PETROCHEMICAL INDUSTRY

- Raw materials for chemical industry
- Raw materials for petrochemical industry
- Basic and inorganic chemistry
- Agrochemicals, fertilizers, crop protection products
- Oil and gas refining and petrochemicals
- Polymeric materials
- Chemical yarns and fibres
- Paints, varnishes, coatings
- Industrial gases
- Additives and filler agents
- Specialty chemicals

CHEM-LAB-ANALYT

- Analytical and laboratory equipment and instruments
- Laboratory furniture, glassware and consumables
- Chemical reagents, catalysts
- Laboratory research automation facilities

CHEMMASH. PUMPS

- Industrial pumping and compressor equipment
- Industrial valves, actuators and engines
- Production equipment, manufacturing lines and machines
- Control and measuring instruments, tools, automatics

PLASTICS INDUSTRY

- Raw and auxiliary materials for production of polymeric materials and rubber
- Technologies and equipment for production and processing of polymeric materials and rubber
- Plastics and rubber products
- Waste recycling

GREEN CHEMISTRY

- Supercritical fluid technologies, new synthetic methods and other green chemistry technologies
- Wastewater treatment, conditioning and purification, chemical safety
- Recycling and waste management, environmental protection
- Industrial biotechnologies

CORROSION PROTECTION

- Corrosion protection equipment, technologies
- Corrosion-resistant materials
- Corrosion protection coatings.

INNOVATIONS AND ADVANCED MATERIALS

- Research & Development, new technologies

FACTS & FIGURES

Video Report

Khimia is the best exhibition according to the exhibition audit

See more about Russian National Exhibition Rating on www.exporating.ru

20,000

sq m

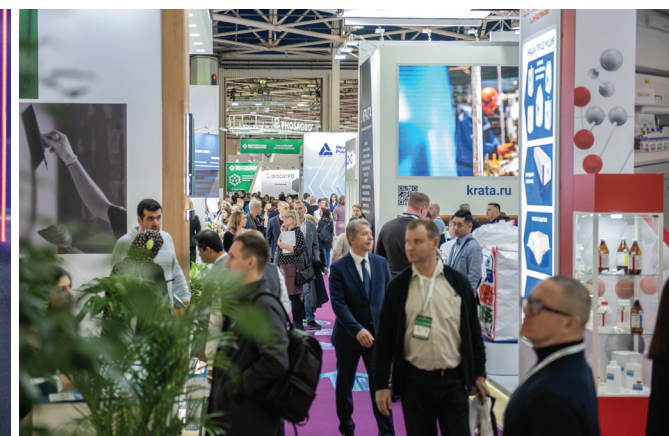

of exhibition space

488

exhibitors
from 8 countries

16,428

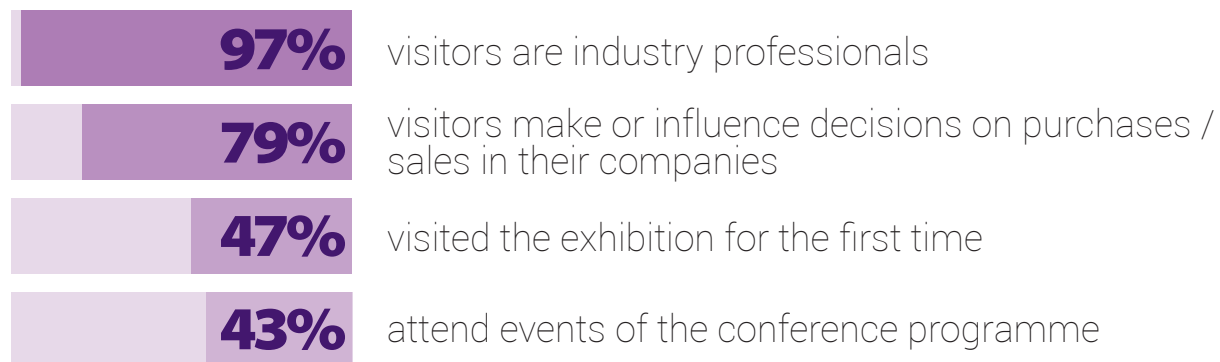

visitors from 77 Russian
regions and 46 countries

WHY PARTICIPATE?

- Increase sales
- Enhance brand awareness
- Enhance a positive company image
- Ensure further sustainable business development

Exhibition visitors
are your prospective
partners

16,428

visitors from 77 Russian
regions and 46 countries

VISITORS GEORGAPHY

46 countries

- Abkhazia
- Afghanistan
- Armenia
- Austria
- Azerbaijan
- Belarus
- Brazil
- China
- Cyprus
- Czechia
- Denmark
- Estonia
- France
- Germany
- Hong Kong

- India
- Iran
- Iraq
- Italy
- Japan
- Kyrgyzstan
- Latvia
- Lithuania
- Luxembourg
- Mexico
- Netherlands
- New Zealand
- North Korea
- Oman
- Pakistan

- Philippines
- Poland
- Qazaqstan
- Russia
- Saudi Arabia
- Serbia
- Singapore
- South Korea
- Switzerland
- Tadjikistan
- Tunisia
- Türkiye
- Turkmenistan
- UAE
- UK
- Uzbekistan

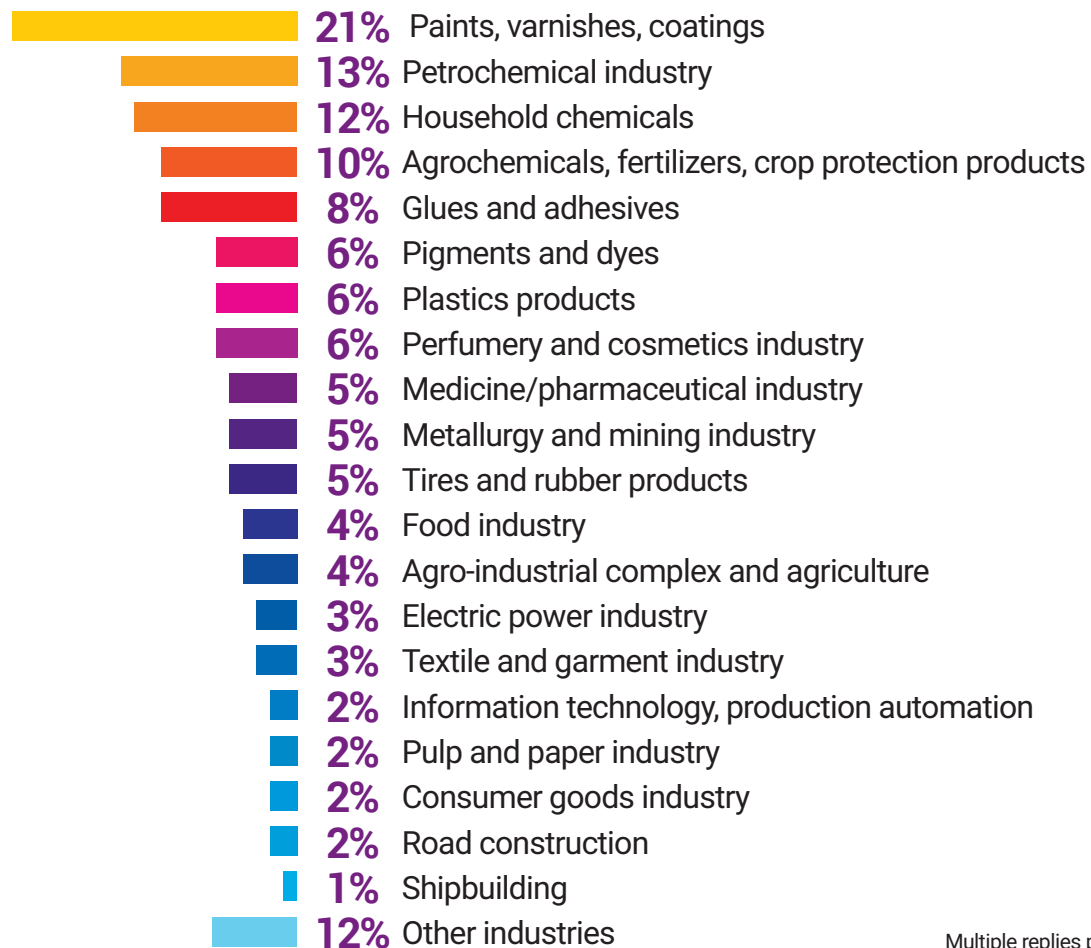

EXHIBITORS PROFILE

Khimia 2024
exhibitors

Multiple replies possible. Results of 2024

Visitor industries:

- Automotive industry
- Agro-industrial complex
- Mining, metallurgy
- Mechanical engineering
- Medicine
- Oil and gas industry
- Food industry
- Construction
- Textile and garment industry
- Fuel and energy complex
- Pharmaceuticals
- Chemical industry
- Pulp and paper industry
- Electrical industry
- and other industries

VISITOR INTERESTS

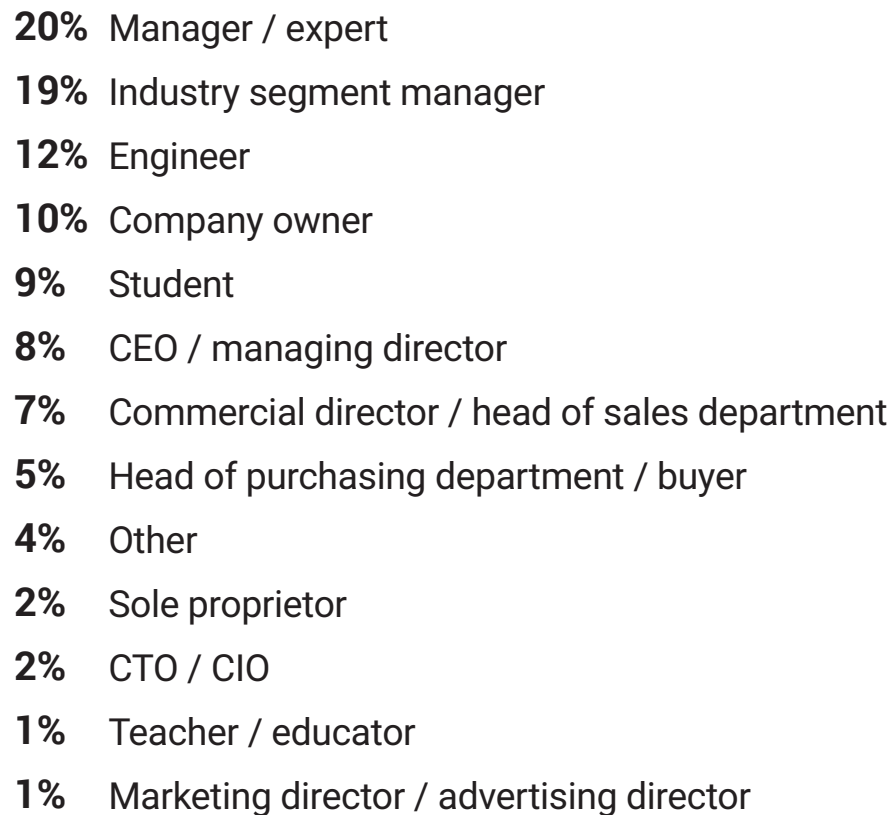

43% Raw materials for chemical industry
29% Polymeric materials
24% Basic and inorganic chemistry
23% Paints, varnishes, coatings
23% Raw materials for petrochemical industry
21% Analytical and laboratory equipment and instruments
19% Chemical reagents, catalysts
18% Additives and filler agents
16% Oil and gas refining and petrochemicals
16% Specialty chemicals
16% Laboratory furniture, glassware and consumables
15% Agrochemicals, fertilizers, crop protection products
15% Industrial pumping and compressor equipment
14% Production equipment, manufacturing lines and machines
13% Control and measuring instruments, tools, automatics
12% Chemical yarns and fibres
12% Innovations and advanced materials. Research & Development
11% Laboratory research automation facilities
11% Industrial valves, actuators and engines
10% Raw and auxiliary materials for production of polymeric materials and rubber
9% Wastewater treatment, conditioning and purification, chemical safety
9% Industrial gases

9% Products made of polymeric materials and rubber
8% Technologies and equipment for production and processing of polymeric materials and rubber
8% Recycling and waste management, environmental protection
8% Packaging
7% Engineering and automation
7% Industrial biotechnologies
7% Start-ups and SMEs
7% Transportation and storage of chemical products. Logistics in the chemical industry
7% Recycling
6% Supercritical technologies, new synthetic methods and other green chemistry technologies
6% Automation and digital manufacturing
5% Software and IT
5% Corrosion protection coatings
5% Designing, assembling, operation and maintenance services
5% Education, trainings
5% Corrosion protection equipment and technologies, and corrosion protection materials
4% Consulting, research
4% Chemical and petrochemical jobs and employment
3% Specialised literature, industrial web-portals
3% Licensing, certification
2% Leasing
2% Investment, credit, insurance, banking services

CONFERENCE PROGRAMME

In details

Topics to be discussed:

- National projects and industry strategic development
- Foreign trade, logistics, overseas cooperation
- Lean manufacturing, digitalization
- Chemical engineering
- Interaction between business and science
- Professional education

30+
events

310+
speakers

4500+
delegates
