TRADE SHOWS!

EXPOCENTRE

RUSSIA'S LEADING EXHIBITION OPERATOR

For more than 65 years, **EXPOCENTRE** has been a leader in the organisation of international trade shows in Russia. Many of the company's shows are among the landmark events on the global exhibition calendar, and they are on a par with the largest foreign events of corresponding product sectors.

Today, **EXPOCENTRE** annually organises about 30 international trade shows that have proven their effectiveness and relevance, earned international recognition, and become global exhibition brands, as well as more than 800 congresses and similar events. Over the course of its history, the company has already held more than 6 thousand events.

Every year, more than 12 thousand companies from all over the world participate in these trade shows. The number of visitors is about 500 thousand people.

Trade shows of **EXPOCENTRE** bring new trademarks, advanced scientific developments and technologies to the Russian market, create excellent opportunities for business networking, product presentations, and introduce innovations. Leaders of production, commerce and science from all over the world meet here.

All trade shows of **EXPOCENTRE** are supported by Russian federal executive authorities and national professional associations.

Trade shows of **EXPOCENTRE**:

are held under the auspices of the Russian Chamber of Commerce and Industry

carry the logo of UFI – the Global Association of the Exhibition Industry

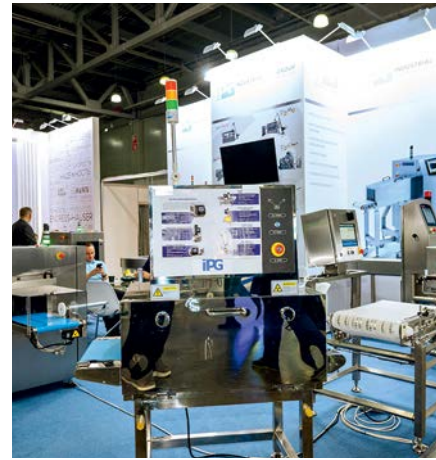

carry the logo of RUEF – the Russian Union of Exhibitions and Fairs

are included in the Russian National Exhibition Rating and have passed an independent audit of statistics in accordance with international standards (find more on www.exporating.ru/en).

EXPOCENTRE organises its trade shows at Moscow's leading venues.

PROD EXPO

INTERNATIONAL EXHIBITION FOR FOOD, BEVERAGES AND FOOD RAW MATERIALS

Since 1994

Prodexpo is the largest and most respected annual international trade show of food and beverages. It defines the vector of development of the Russian food industry and plays an important role in the shaping and growth of the food sector of the Russian economy.

Prodexpo promotes high-quality food products to the Russian market thus contributing to the implementation of priority national projects aimed at improving the quality of life of Russian consumers.

Product Sectors

ProdexpoFood

- Dairy products. Cheese
- Ice cream
- Frozen foods. Semi-finished food. Ready meals
- Juices, mineral water. Soft drinks
- Vegetables, fruit, mushrooms, berries, wild food
- Meat and meat products. Cooked meats. Poultry. Eggs
- Pet food
- Tea. Coffee
- Halal products
- Trading houses. Marketplaces

- Groceries. Cereals. Pasta. Spices. Kitchen herbs
- Ingredients. Food additives. Raw materials
- Vegetable fats
- Canned food. Sauces, ketchups
- Fish and seafood
- Healthy nutrition. Sport nutrition
- Baby food
- Functional food. Dietary supplements
- Russian regional pavilions – multiproduct
- Foreign national pavilions
- Confectionery. Bakery
- Snacks. Nuts. Dried fruit
- Honey and bee products

- Products for HoReCa
- Products for Asian cuisine

NEFTEGAZ

INTERNATIONAL EXHIBITION FOR EQUIPMENT AND TECHNOLOGIES FOR THE OIL AND GAS INDUSTRY

Since 1978

Neftegaz ranks top ten largest oil and gas trade shows in the world. Here one can see all the latest developments. It is a meeting place for manufacturers and consumers and a venue for the industry's key business-related events.

Product Sectors

- Oil and gas exploration
- Oil and gas field development
- Equipment and technology for offshore field development
- Collection, storage and logistics of hydrocarbons
- LNG: production, transportation, distribution and use, investment
- Special vehicles for petroleum products transportation
- Oil and gas processing, petrochemistry, gas chemistry
- Delivery and distribution of oil, gas and petroleum products
- Equipment for oil depots, gas terminals, petrol filling stations, gas filling stations, CNG filling stations
- Service, maintenance equipment and technology
- Non-destructive testing (NDT)
- ACS, test equipment
- IT for the oil and gas industry
- Electrical equipment for oil and gas facilities
- Health safety at oil and gas facilities
- Environmental conservation services

ROSBUILD

INTERNATIONAL EXHIBITION FOR BUILDING AND FINISHING MATERIALS AND TECHNOLOGIES

Since 2019
RosBuild helps saturating the market with high-quality building materials and promotes the latest technologies in construction. Manufacturers and distributors of building materials have every opportunity to meet buyers face-to-face.
Part of Russian Construction Week

The purpose of Russian Construction Week is to consolidate the potential of trade shows and congresses of the Russian construction industry for the implementation of state programmes and national projects, housing renovation programmes, development of a modern urban environment, and support for low-rise housing construction.

- Product Sectors**
- Design
 - Construction
 - Maintenance
 - Finishing and repair
 - Recycling/environmental technologies
 - Financing and business services
 - Education. Qualifications
 - Logistics. Warehouse services

The Forum for Building the Future of Russia Together
brings together events of the conference programme of Russian Construction Week

WORLD OF GLASS

PRODUCTION. PROCESSING. APPLICATION

INTERNATIONAL EXHIBITION FOR GLASS PRODUCTS, MANUFACTURING, PROCESSING AND FINISHING TECHNOLOGY

Since 1999

World of Glass is the largest international trade show for the glass industry in Russia and Eastern Europe. It is associated with the revival of the best traditions of glass production, the promotion of new technologies, advanced equipment and tools for glass production and processing on the Russian market. Builders, architects, designers, manufacturers of windows, double-glazed windows and translucent structures all meet under one roof.

Part of Russian Construction Week

The purpose of Russian Construction Week is to consolidate the potential of trade shows and congresses of the Russian construction industry for the implementation of state programmes and national projects, housing renovation programmes, development of a modern urban environment, and support for low-rise housing construction.

Product Sectors

- Glass production
- Glass processing and recycling
- Glass products
- Tools, auxiliary equipment and materials
- Test and control equipment, software
- Innovations, R&D
- Art and decorative glass, stained glass. ArtGlass Salon
- Transparent and translucent materials and structures, equipment and accessories for agriculture
- Special publications, mass media
- Associations, professional unions
- Glass transportation and storage
- Consulting, insurance, leasing

INLEGMASH

INTERNATIONAL EXHIBITION FOR EQUIPMENT FOR THE TEXTILE AND GARMENT INDUSTRY

Since 1970

INLEGMASH is the main congress and trade show in Russia and the CIS dedicated to equipment for the textile and garment industries.

Part of Russian Week of Textile Industry

Russian Week of Textile Industry is Russia's largest series of conventions and trade shows dedicated to the textile and garment industry.

Product Sectors

- Natural fiber primary processing equipment
- Equipment for processing chemical fibers
- Spinning equipment
- Weaving equipment
- Equipment for finishing production
- Equipment for printing on textiles
- Equipment for production of technical textiles and nonwovens
- Technical textiles and nonwovens
- Dyes, textile chemicals, consumables
- Equipment for sewing production
- Equipment for laying and cutting of fabric
- Wet heat treatment equipment
- Equipment for knitting production
- Software for production organisation, CAD (CAD/CAE/CAM), accounting software
- Equipment for footwear and leather goods production
- Certification of products, equipment, technologies
- Spare parts, accessories and technical equipment
- Logistics for production, equipment, raw materials, finished goods and consumables
- Financing, leasing, subsidising, investment funds
- Production design, power supply for production

PHOTONICS

WORLD OF LASERS
AND OPTICS

INTERNATIONAL EXHIBITION FOR LASER, OPTICAL AND OPTOELECTRONIC TECHNOLOGIES

Since 2006

Photonics. World of Lasers and Optics is an effective platform for businesses related to photonics and its applications. It offers every opportunity for face-to-face contacts with leading experts in all photonics technologies.

Co-organised by

The Laser Association (the CIS)

Product Sectors

- Laser radiation sources and their components
- Optical materials and processing technologies
- Optical elements, components, systems
- Fibre optic equipment
- Photoelectronics, radiation detectors
- Laser equipment for materials processing
- Laser and optical equipment for measurements and testing
- Equipment for machine vision, sensors, detectors
- Laser navigation
- Night vision equipment, optic and laser sights
- Optoelectronics, nanophotonics
- Optical systems of data recording, storage, processing and transmission, optical communication, quantum technologies
- Biomedical equipment based on photonic technologies
- Laser equipment for plant growing and nature management
- Solar energy equipment
- Displays, equipment for light shows
- Light-emitting diodes (LEDs), lighting engineering, illuminating and lighting systems
- Hologram hardware and materials
- Laser technologies for advertising, production of gifts
- Laser and optical security equipment
- Research equipment
- Photonics metrology
- Maintenance of laser and optical equipment
- Innovation centres, technology transfer centres
- Training, information support

RENWEX

INTERNATIONAL EXHIBITION FOR ENERGY SAVING, GREEN ENERGY AND ELECTRIC VEHICLES

Since 2019

RENWEX includes a trade show and a special forum with one motto – Creating the Future of Renewable Energy Together! RENWEX offers a comprehensive display of products and solutions for energy generation, storage, transmission of electricity, energy saving, highly efficient use of electric vehicles, and the development of charging infrastructure.

Product Sectors

Renewable energy

- Solar power
- Energy storage systems
- Wind power
- Energy saving technology. Industrial energy efficiency
- Hydrogen energy
- Automated process control systems
- Hydropower
- Network infrastructure and solutions for renewable energy integration
- Waste-to-energy technology
- Microgeneration
- Ecology and environmental safety
- Bioenergy, biomass, biogas and solid biofuel
- Geothermal energy
- Investments, finances, insurance
- Monitoring and maintenance of power generation facilities
- Carbon management

METALLOOBRABOTKA

INTERNATIONAL EXHIBITION FOR EQUIPMENT, INSTRUMENTS AND TOOLS FOR THE METALWORKING INDUSTRY

Since 1984

Metalloobrabotka is the largest machine tool event in Russia and the CIS. It is also a top ten international metalworking show.

Product Sectors

- Surface treatment equipment and technologies
- Metal-cutting equipment
- Laser equipment
- Press-forging equipment
- Foundry equipment, heat treatment
- Welding and allied technology
- Robotics and automation
- Surface treatment
- Tools
- Test machinery, instruments and tools
- Components, tooling, materials and hardware
- Repair and upgrade of equipment
- Digital technologies
- Additive manufacturing, 3D printing

TECHNOFORUM

INTERNATIONAL EXHIBITION FOR EQUIPMENT AND TECHNOLOGY FOR STRUCTURAL MATERIALS PROCESSING WITHIN METALLOOBRABOTKA

Since 2013

Technoforum covers all production processes, from the latest research in various industrial sectors to pilot and serial production of finished products.

Product Sectors

- Integrated machine tools, robotics centers
- Machine tools, press-forging equipment
- Tools and equipment
- Robotics and industrial automation
- Nanomaterials, nanotechnology
- Additive manufacturing, 3D printing
- Retrofitting
- Technology centers of comprehensive services for industrial enterprises

5pEXPO

INTERNATIONAL FORUM OF THE EXHIBITION INDUSTRY

Since 2007

5pEXPO is Russia's only professional networking platform that brings together leading representatives of the event industry: convention venues, event agencies, developers, and service providers. The purpose of the forum is to analyze the latest changes in the industry, demonstrate in-demand technologies and solutions for arranging conventions and trade shows, and present the best Russian practices and international experience in organising events.

5pEXPO is a balance of five main ingredients of the exhibition business:

PLACE – fairgrounds and congress centres

PRODUCT – offers on the exhibition market

PRICE – participation costs

PROMOTION – promotion of exhibitions and fairs

PARTNERSHIP – mutually beneficial cooperation

Co-organised by

The Russian Chamber of Commerce and Industry

5pEXPO structure:

- a conference on trade show and congress activities
- a conference programme
- a display of exhibitions and congresses
- a display of exhibition services
- a display of exhibition stands

A large, illuminated sign for 'ЭКСПОЦЕНТР' (EXPOCENTRE) is mounted on the roof of a building at night. The sign features a stylized star logo to the left of the word, which is written in large, blue, three-dimensional Cyrillic letters. The building's facade is lit with a warm, yellowish light, and the sky is dark with some clouds.
